EXPERIENCE

Frontend Intern
Sparks To Ideas

July 2023- Sep 2023
Ahmedabad, Gujarat

- Acquired foundational knowledge of React.js through hands-on projects.
- Implemented component-based architecture to build reusable UI components.

MERN Developer
Zidio Development

May 2023 - Aug 2023
Bangalore, Karnataka

- Designed and implemented a comprehensive resume building application using MERN.

PROJECTS

Quick Bus Booking System. Developed a user-friendly web application for booking bus tickets using HTML and CSS for the ease of transportation.

Food Waste Management System (React). Designed and developed a website using React to manage food waste distribution to needy individuals, aiming to alleviate poverty.

Resume Builder(MERN) Developed a Resume Builder web application using MongoDB, Express.js, React, and Node.js, implementing dynamic UIs, secure APIs, and efficient data management.
